

The University of Jordan

Vision

A diverse and pioneering library in spreading knowledge and a fundamental contributor to supporting scientific understanding in both local and global education.

Mission

Providing a supportive environment for access to information sources in all forms, keeping pace with digital transformation and global standards necessary to support scientific research, the academic process, the dissemination of culture, and serving the local community, while building effective partnerships.

The Library U vision and mission derived from the vision of Jordan, guided by these values:

- Excellence,
- Creativity, Innovation,
- Diversity,
- Partnership and Collaboration,
- Good Governance,
- Quality,
- Stimulating Vision.
